Commissioner Blount's Pay
and Federal Elections.

MITCHELL'S OPPOSITION.

It Will be Defeated and the Fight Will
Go On—Tickets of Admission are Still
Being Sold—A New Secret National La-
bor Organization Discovered.

WASHINGTON, D. C., Jan. 4.—The
session of the Senate was significant in
two respects.

Hoar introduced a resolution calling
on the secretary of the treasury for
authority for the payment of Special
Commissioner Blount for his Hawaiian
services, and Gray served a notice that
on Tuesday next, the democrats would
insist on taking up the federal election
bill and continuing its consideration
until the measure was finally dis-
posed of.

The object of Hoar's resolution was
manifestly to call into question the
right of the president to send a per-
sonal commissioner to Hawaii, or, in
deed, any commissioner without the
concurrence of the senate, and this
object, is, of course, most effectively
reached by demanding authority of the
secretary of the treasury for payment
of Blount for service and expense.

The notice of Gray indicates the
democrats are determined to dispose
of the federal election bill at an early
day and before they can possibly be ham-
pered by the tariff bill or any other
party measures which might come over
from the house demanding early con-
sideration through motives of party
expediency. The bill will be taken up
Tuesday and will continue to be the

the club cannot now be beaten out of
the fight. It is understood arrange-
ments have been perfected whereby
the fight can certainly be pulled off,
though at the expense of many anxious
to see it. The work now being pushed
at the arena is said to be only to bluff
the governor. Tickets of admission
are still being sold. The intention is
to charter a train, to be in readiness
forty-eight hours previous to the fight
and to be held thereafter forty-eight
hours to guard against possible deten-
tion. The spectators will be given a
tip and hurried on the train, which
will carry them to the battle ground,
leaving the governor, the militia and
the rest of the opposition forces, it is
hoped, far behind.

It is believed if the courts sustain
the fight the governor will adopt some
heroic measures in order to show his
personal jurisdiction. Manager Bow-
den stated that the line of action had
not been fully decided upon. In a few
days the club will be prepared to make
it public. Whatever was decided upon
would be within the limit of the law
and he emphasized the fact that the
fight would certainly come off. Bowden
has written to Governor Mitchell in re-
gard to the club's position in the mat-
ter. As yet he has received no answer.
He thinks from the indications, there
is really nothing very serious in the
governor's attitude.

Charles Mitchell has another grievance.
He says Corbett signed the new ar-
ticles through Manager Brady, and
Mitchell will not abide by them unless
Corbett signs personally. Mitchell is
on the wrong track. Corbett put his
own name to the articles and Brady
had nothing to do with it.

LANSING, Mich., Jan. 4.—The exist-
ence of a new secret national labor
organization was discovered here this
afternoon through a secret meeting of
the national committee. The order was
secretly founded in Chicago, Decem-
ber 27th, by representatives from thirty-
seven states, and is called "Ancient
Order of Royal Americans."

The promoters of the new labor or-
ganization are confident that it will be-
come of great national importance. A
secret meeting of the committee was
held here today, with members pres-
ent from Michigan, Ohio, Pennsylv-
ania and New Hampshire. Partridge,
the Michigan member, says the Chi-
cago meeting last month was attended
by delegates from thirty-seven states,
and that the order of Royal Americans
is designed to include men of every
calling. The order is to be conducted by
military orders from headquarters, to
be non-partisan and non-sectarian. It

National bank.

This night was the coldest yet this
winter. This morning at 9 o'clock it
was reported from Park City that the
mercury stood at zero, in Salt Lake 15
degrees above and in Provo at that
time it stood 9 degrees above.

Postmortem Judgment.
A little girl of 5 years recently used
the expression "postmortem judgment."
Upon her brother's questioning her and
insisting that she should define it, she
said:

"Well, if you do a thing and then
afterward wish you had done another
thing, that's postmortem judgment."

A Funeral Tax in Paris.
Paris is threatened with a deficit in
her budget, and the municipal council
proposes to provide for it by an increas-
ed tax on funerals. Undertakers are
public officers in France, and fees are
fixed by law. The lowest price of a grave
of two square meters is \$70. An addi-
tional meter costs \$300. The council
proposes to make the minimum charge
\$100 for two meters.

Stamps Instead of Tickets.
A new plan of railroad tickets will be
adopted by Hungary in December. The
traveler will make out his own ticket.
The government will sell railroad marks
or stamps and supply the blank cards.
The passenger will, when he desires to
take a journey, write on the card his name,
starting point and destination, and affix
as many stamps as the published list of
fares calls for.

A "Trust" Which is Popular.

There is a great deal of indignation
felt against trusts. The Sugar Trust,
the Standard Oil trust, the Welsh Tin
Plate Trust, the English Salt Trust,
and other combinations of the kind
are vigorously denounced, and it is a
subject of controversy whether there
are more trusts in England than
America, and whether protection or
free trade fosters them. But there is
one form of trust against which no one
has anything to say. That is the trust
the public reposes in Hood's Sarsapa-
rilla.

A Fat Men's Club.
An original club—the Fat Men's club—
was organized recently by Mr. C. F.
King of kodak kolumn fame, and the
minimum weight of the person eligible
must be 200 pounds.

Besides being merely a fat men's club
the club has a mission. It is to take in
hand a lean man and fatten him up to
the required standard, and then as soon
as that is accomplished to select another.
The members of the club intend to meet
together and have general good times.—

Burned to Death at 110.
Old Aunt Venus Watters was burned
to death this morning a few miles from
Rome. She was alone in the house, and
when the others living there returned
from work they found the house and
all burned. She was said to be the old-
est woman in this part of the country,
her age being given at 110 years.—Rome

paramount question in the senate until
it is finally disposed of.
An interesting colloquy took place
over the suggestion of Gray that the
senate proceed to the consideration of
the federal election bill.
Senator Chandler asked whether this
was merely for the purpose of allowing
some senator to speak, or for general
consideration.
"For general consideration," said
Gray.

"The views of the minority are not
prepared," said Chandler, "and will
not be ready for some days yet. I do
not think it well, therefore, to pro-
ceed with the consideration unless some
senator specially desires to speak upon
it today."

"My understanding was that the
views of the minority might be pre-
sented at any time," said Gray.
"There are gentlemen on this side,"
interrupted Hoar, "who desire to de-
bate this bill at considerable length."
"I have no doubt of that," quietly
retorted Gray. (Laughter.) "I sup-
pose it will involve considerable de-
bate on both sides, and for that pur-
pose I thought it would be well to take
it up at an early day. So far as I am
concerned, I will consent to the sug-
gestion of the gentleman from Mas-
sachusetts to postpone the considera-
tion till Tuesday, immediately after
the morning business. I will move
the senate to proceed to the considera-
tion of the federal election bill, and
continue with its consideration from
Tuesday until it is disposed of."

Dolph called up the bill to extend for
three years the time of the Umatilla Ir-
rigation company in the construction of
the irrigation canal across the
Umatilla Indian reservation in the
state of Oregon, and it was passed
without opposition.

After a brief executive session, the
Senate, at 1:30, adjourned until Mon-
day next.

JACKSONVILLE, Jan. 4.—The general
opinion is that the managers of the
Duyal club are determined to go to al-
most any length to defeat Governor
Mitchell's opposition. The sports say

will take a prominent part in politics,
and pursue an aggressive policy. It
was intended to issue the first general
order for January 15th. The names of the
officers were not divulged.

WASHINGTON, D. C., Jan. 4.—Chair-
man Holman of the house democratic
caucus has issued a call for a caucus to-
morrow night at 7:30. Seven democrats
signed the request for the call.
The purpose of the call is to con-
sider the merits of the tariff bill, and is
accepted as the first open demonstra-
tion of opposition to the bill in its
present form. No member of the
ways and means committee signed the
call.

The internal revenue feature and the
income tax will receive consideration.
Chairman Wilson said his under-
standing was that the customs features
and all other sections of the bill would
be considered. Many democrats de-
precate the caucus, as they see in it
prospects of a disagreeable clash with-
in the party.

MANY numbers were sold at the
grand ball given by the local A. O. U.
W. lodge last evening in the South-
worth building and a royal time indeed
was had.

The republicans of Salt Lake had
an election yesterday. The democrats
were "not in it." C. S. Varian was
elected to the legislature, the Tribune
says, by a majority of 967.
